Re: TUCKER, John E.

Dear Sir:

I understand that you have made inquiries regarding the security clearance of captioned individual, who is employed in the Industrial Technical Assistance Division of this Administration. This is to advise Mr. Tucker was the subject of a full field investigation at the time of his employment by our predecessor agency in February of 1951. He presently holds clearance for access to "Top Secret" material within this Administration.

Very truly yours,

Charles N. Keating  
Director  
Security Division
